Weddings and Alcohol

- Hire a Professional that is licensed and insured to handle and serve the alcohol
- Only serve beer and wine. If you have to have liquor, have a signature drink
- Make sure you have arranged for alternate transportation for those that may have indulged too much.

- 30% capacity
- You can serve alcohol until 11:00 p.m.
- Guests must be seated at events and must still be seated six feet apart
- Masks are still required if you are not seated (inside or outside)
